

## Deadly!: The Truth About the Most Dangerous Creatures on Earth (Animal Science)

Lions and scorpions and lethal little jellyfish, oh my! Kids will sink their teeth into this fascinating look at nature's fiercest creatures. Sometimes nature can be nasty: snakes that spit poison, insects with exploding bottoms, and tigers that have you for dinner. Throughout the animal kingdom, creatures are equipped with lethal weapons, from finger-length fangs to toxic tentacles, and have ingenious ways of killing one another poisoning, dive-bombing, strangling, and even electrocuting! Discover the murderous methods of attack and defense that make animals armed, dangerous, and deadly.
