

# How many friends could a Bibbolybob make if a Bibbolybob came to Earth?: The Little Edition

A delightful and eccentric story about an alien visitor to Earth, keen to make as many friends as he can and find out about the different types of Earthling. Full of colourful illustrations of lots of different animals, this story introduces small children to the numbers zero to ten, and teaches them about the different types of Earthling herbivore, omnivore and carnivore. This new Little Edition is more portable than the big one, being the size of a paperback novel, and would fit comfortably into a child's backpack or book bag to be enjoyed when you're out and about.
