This review is from: The Amazing Octopus! Early Reader Books for Under 8s. Amazing facts and photos of some of the worlds most intelligent animals. (Amazing Animals Early Reader Books) (Kindle Edition) This is a good book to introduce nature to your child. There are interesting facts about the octopus and the pictures capture the childs mind. The words are easy for an eight year old to read without adult assistance yet this book can entertain both and share a special time together. 5.0 out of 5 stars Fun way to get

your child to learn about animals! By K. Smith Taaa! (St. Louis, MO) This review is from: Sharks! Shark Facts, Pictures and Links to Over 50 VIDEOS. Early Reader Shark Books for Kids (Amazing Animals Early Reader Book) (Kindle Edition) I cant say enough about these books. All of the books by this author are amazing. They all give a general background of the animal and interesting facts about them. The best part is that they have usually 3 videos that you can click on and watch right there! These are great education tools and I think they are great for children (I read and watch them too!). If youre looking for a fun way for your child to learn about animals, these books are the way to go. You can sign up to receive emails from the author about promotional days that the books are free on amazon. But I think these books are definitely worth the price. There is even a How much did you remember? section at the end of the book to bolster learning and boost the fun Why not try some yourself? 1. True or False. A dolphin is a mammal. 2.
