

Seaside

Every boy in Seaside wants to be one of Blackbeards Boys. From the time ten year old Robert Grace OMalley could hold his very first fishing pole, it was all he thought about. Every captain of every ship had been one, and now he was well on his way. That is, until he meets Walter, the young octopus who will change his life forever. In Seaside, Wylde Scott takes you on an exciting voyage through a fairy-tale fishing village and a pivotal moment in the life of two unexpected friends. An adventurous story perfect for young readers graduating into their first novels or parents reading their little ones to sleep, its a book thats bound to be a staple in every familys library for years to come.
