

Strategic Advertising Management

Integrating theory with application and presenting numerous real-life examples, Strategic Advertising Management, Fourth Edition, offers a systematic look at advertising within a theoretical and strategic planning framework. Authors Larry Percy and Richard Rosenbaum-Elliott present an overview of how advertising works, discuss what is required from a manager in order to develop an effective communication plan, and equip students with the skills necessary for successfully applying strategy to various processes in advertising. A Companion Website includes resources for students and instructors.
