Their varied backgrounds and profound appreciation of the complexities in building enterprises from the ground up, or expanding an on-going business organization are the types of first-hand knowledge and perspective that is beneficial, informative, and inspirational to industry veterans and students alike. These contributors include chief executives and senior management of hotels and resorts, serviced apartments, restaurants, and food and beverage groups, who have been successful in Asia. Strategic Hospitality Leadership provides readers with the collective wisdom of these successful top executives on a range of topics including brand management, strategic direction, service, marketing, human resource, crisis management, business growth, leadership, portfolio management, best practices, and development.
